#### 1 INTRODUCTION

The Cedar Rapids Community School District (CRCSD) invites qualified vendors to submit proposals for a <u>District-Wide Communications and Website Platform</u> that will unify how the District communicates with families, staff, and the broader community. The goal is to implement a single, integrated solution that supports consistent branding, streamlines workflows, enhances engagement, and eliminates reliance on fragmented tools currently in use across schools and classrooms.

CRCSD seeks to partner with a provider that aligns with the District's commitment to operational efficiency, accessibility, innovation, and transparency. This RFP outlines the required services, submission guidelines, and evaluation criteria. Vendors are expected to provide detailed information regarding pricing structure, user training and support, data privacy and compliance, stakeholder engagement strategies, and a proposed implementation and transition plan.

# 2 CRCSD BACKGROUND

The Cedar Rapids Community School District (CRCSD) is the third-largest public school district in Iowa, serving nearly 15,000 students across more than 30 schools, including elementary, middle, and high schools, along with specialized programs and alternative learning sites. The District employs approximately 3,000 staff and is committed to providing an equitable, inclusive, and future-ready education for every learner.

The District strives to create a connected community where students, families, staff, and stakeholders are informed, engaged, and aligned. However, the District's current communication systems are highly decentralized. Schools and classrooms currently rely on a patchwork of tools such as SchoolMessenger, Remind, TalkingPoints, Seesaw, S'more, Juicebox websites, and more, resulting in inconsistent experiences for families, duplicative costs, and limited oversight at the District level.

CRCSD recognizes the need for a **consolidated communications and website platform** that can unify messaging from the District office, individual schools, and classrooms. The future state the District is pursuing includes:

- Consistent branding and tone across all levels of communication
- One centralized platform for sending messages via email, text, phone, and app notifications
- Automated translation for multilingual families and support for two-way communication
- · Real-time analytics to monitor message delivery and engagement
- · A redesigned, accessible, and mobile-friendly district website
- Streamlined workflows and system integration with Infinite Campus, our student information system

This Request for Proposal (RFP) represents a significant step forward in the District's communications strategy. CRCSD is seeking a vendor to partner with to simplify communication, enhance family trust, and deliver an efficient, reliable platform that meets the needs of a large and diverse K–12 district.

# TERMS & CONDITIONS

- The District reserves the right to reject any and all proposals.
- Proposals must be submitted by the deadline stated in this RFP. Late submissions will not be considered.
- Vendors must submit proposals electronically through CRCSD's online bidding platform, IonWave. Paper, faxed, or emailed submissions will not be accepted.
- Proposals will be evaluated based on the criteria outlined in the RFP, and the District may enter into negotiations with one or more vendors following initial review.
- CRCSD reserves the right to amend or withdraw this RFP at any time. Any changes will be communicated through the IonWave platform.
- The District may negotiate contract terms with the selected vendor(s) before finalizing an agreement.

- This RFP does not obligate CRCSD to enter into a contract or pay any costs incurred in the preparation of the proposal.
- All costs incurred in preparing the proposal are the sole responsibility of the vendor. CRCSD is not liable for any expenses related to proposal development or submission.
- CRCSD is not required to select the lowest-cost proposal. The award will be based on the best overall value to the District, considering all factors outlined in the evaluation rubric.
- The District reserves the right to enter into negotiations with multiple vendors before making a final selection.
- The anticipated contract will begin with a three (3) year term, with the option to renew for up to two (2) additional one-year periods based on mutual agreement and satisfactory performance.
- Either party may terminate the agreement with written notice, in accordance with the termination clause of the final contract.
- The selected vendor must comply with all applicable federal, state, and local laws and regulations, including but not limited to FERPA (Family Educational Rights and Privacy Act), accessibility requirements, and data privacy/security standards.
- Vendors must treat all District communications data, contact information, user activity, and operational records as confidential and may not disclose any information without written consent from CRCSD.
- The selected vendor must deliver the services outlined in their proposal, ensuring reliable, timely, and accurate communication functionality, system integration, and support.
- Any service outages or major performance issues must be promptly reported to CRCSD, along with a plan for resolution and system restoration.
- The vendor shall indemnify and hold harmless CRCSD, its employees, and agents from any claims, liabilities, damages, or expenses arising from the vendor's performance or failure to comply with applicable laws and contract terms.
- Any disputes arising from the contract shall first be addressed through direct negotiation. If unresolved, disputes will be managed through mediation or arbitration as mutually agreed in the final agreement.
- In the event of contract termination or non-renewal, the vendor shall assist CRCSD in transitioning services to a new provider to ensure continuity and minimal disruption to communication functions.
- The selected vendor must provide reporting as required by CRCSD, including analytics on message delivery, user activity, and system health.
- CRCSD reserves the right to audit the vendor's performance and compliance with all agreed-upon contract terms and service-level expectations.
- In the event of any conflict between the vendor's submitted terms and conditions and those outlined by Cedar Rapids Community School District (CRCSD) in this RFP, CRCSD's terms and conditions shall prevail. By submitting a proposal, the vendor agrees that CRCSD's terms take precedence and supersede any conflicting language provided in the vendor's documents, unless otherwise negotiated and agreed to in writing by both parties.
